The screenshot shows the LINE Official Account Manager interface. The browser tabs include '集客後台管理', '正在編輯頁面 LINE Business ID', and 'LINE Official Account Manager'. The address bar shows 'manager.line.biz/account/@662txeho/setting/messaging-api'. The top navigation bar includes '串接', '@662txeho', '輕用量', '0', and '聊天: 關閉'. The main navigation menu on the left includes '設定' (Settings), '帳號設定' (Account Settings), '權限管理' (Permissions Management), '回應設定' (Response Settings), 'Messaging API' (highlighted with a green circle), '登錄頁訊' (Login Page Message), '帳務專區' (Accounting Area), '總覽頁面' (Overview Page), '推廣方案' (Promotion Plan), '專屬ID' (Exclusive ID), and '付款記錄' (Payment Record). The main content area is titled 'Messaging API' and includes a description: 'Messaging API為針對開發者所設計的進階功能。您可透過API收發訊息及動作，與LINE用戶進行更多互動。' (Messaging API is an advanced feature designed for developers. You can use the API to send and receive messages and actions, interacting more with LINE users). It also includes links for '什麼是Messaging API?' and 'LINE Developers的API相關文件'. Below this, there is a status section with '狀態' (Status) and '未使用' (Not used). At the bottom right, there is a green button labeled '啟用Messaging API' (Enable Messaging API) with a hand icon pointing to it.
